Ms. Sara M. Henninger

The DEP issued the NPDES Individual Permit, NPDES Permit No. PAD 180002, on October 18, 2017. We are hereby advising you that the work authorized by this permit will not be completed on or before the expiration date of October 17, 2022.

The difficulty of developing and financing this large Project has led to unavoidable delays, but we continue our work to bring it to fruition. Renovo Energy Center LLC requests an extension of the expiration date for another 5 years.

There are no changes to the E&S and PCSM Plans, and no work has been performed on the Project Site.

Thank you in advance for your consideration. If you have any questions, please contact me at 571-392-6721 or dlee7@bechtel.com or Bill Bousquet at 603-660-9403 or Bousquet.w@gmail.com

Sincerely,

Renovo Energy Center
